\* Obligatory skipper service

# Free WiFi (4G LTE) on all boats

75 GB/week of high speed internet (up to 100/50 Mbps)

LTE stands for Long Term Evolution, and isn't as much a technology as it is the path followed to achieve 4G speeds. It's not entirely trickery though, despite inconsistent speeds depending on location and network, the difference between 3G and 4G is immediately noticeable.

## What is The Difference Between 4G and 4G LTE Versions?

4G LTE is the daughter of 4G with some advanced technology backed.

“ Wir waren mit dem Vercharterer WAYPOINT sehr zufrieden. Sehr kompetente Mitarbeiter, schnelle Hilfe bei allen Fragen. Bei der Schiffsübernahme gab es sowohl beim Einchecken als auch beim Auschecken keine Probleme alles lief sehr professionell ab. ”

Cornelia (Germany)

“ We enjoyed this year a great week, great weather, wonderful skipper, well eaten, everything was wonderful. We are determined to return next year. Greetings to all of you and again thank you. ”

Edgar (Germany)
